Welcome and Introductions

- Dr. Alzina welcomed the new members and shared overview of purpose of Site Council. She shared that Site Council also serves as LCAP advisory committee.
- Dr. Alzina shared that Mike Marino will be joining the CSSD School Board in November and we will be looking for another parent to join Site Council.

Roles and Responsibilities:

- Site Council is responsible for: School-wide Safety Plan, LCAP Advisory Committee, and Single School Plan.
- Site Council oversees school site goals and accountability of those goals and gives input as to how federal, state and local funds are used.
- School Site Council also approves the school wide safety plan. Kelly Orwig updated the school safety plan over the summer in Document Tracking and prepared the document in anticipation of the upcoming audit.

Electing a New Secretary:

- Member Angela D'Amour motioned to nominate Jean Gradias to serve as Site Council secretary. Mike Marino seconded. The motion unanimously was approved.

LCAP Update:

- Cold Spring 17-18 student CAASPP scores increased from the previous 16-17 student scores. Cold Spring has a goal of 100% of students becoming proficient or advanced in ELA and Math. Teachers and specialists are working together to target standards and students in need of support.

CA Dashboard Results:

- Our previous scores did not show 2 years of growth, and therefore we were not eligible to be recognized as a CA Distinguished School. It is challenging for high performing districts to continue to show growth over years, especially with a small population.
- The school board will approve the narrative for the Cold Spring School Dashboard in October.

Mike Marino Motioned to adjourn the meeting. Conny Santa Cruz seconded. Motion unanimously carried.
